Important information

1. Tax file number (TFN)

Under the *Superannuation Industry (Supervision) Act 1993*, Brighter Super is authorised to collect your TFN, which will only be used for lawful purposes.

These purposes may change in the future as a result of legislative change. Brighter Super may disclose your TFN to another superannuation provider, when your benefits are being transferred, unless you request to the trustee of your superannuation fund in writing that your TFN not be disclosed to any other superannuation provider.

It is not an offence not to quote your TFN. However giving your TFN to your superannuation fund will have the following advantages (which may not otherwise apply):

- Brighter Super will be able to accept all types of contributions to your account(s)
- other than the tax that may ordinarily apply, the tax on contributions to your superannuation account(s) will not increase
- other than the tax that may ordinarily apply, no additional tax will be deducted when you start drawing down your superannuation benefits
- it will make it much easier to trace different superannuation accounts in your name so that you receive all your superannuation benefits when you retire.

More information on Tax File Numbers for superannuation purposes can be obtained from the ATO on 13 10 20.

2. Privacy and personal information

Brighter Super respects your privacy. All personal information collected on this form is protected in line with *Brighter Super's Privacy Policy*. To find out more about how we collect and manage your personal information, please refer to our *Privacy Policy* available from our website brightersuper.com.au.

3. Processing time frame

Once you submit a valid form to restart your Pension account, your existing account is closed, and the money is combined with your Accumulation account balance. This will usually occur within 3-7 business days from receipt of this form

After your accounts have been combined and any withdrawal requests have been processed, a new Pension account is then started to continue your payments.

It may take a couple of business days to process your request so it is important to know your money will be invested as per the investment strategy on your Accumulation account while your request(s) are processed. This means Accumulation account unit prices, fees and costs will apply until the requested funds are withdrawn and applied to the new Pension account.

4. Services Australia - Centrelink

If you receive regular payments from Services Australia - Centrelink you might wish to speak with them or get financial advice before restarting your account as it may affect your payment.

5. Transfer balance cap

The Transfer balance cap is the lifetime limit on the total amount of superannuation that can be transferred into retirement phase income streams. You are able to view your personal transfer balance cap in ATO online.

6. What happens next?

Once this application has been processed by Brighter Super, you may be required to complete further forms concerning tax on pension payments. Early each financial year, we will ask you to choose your preferred pension amount and frequency of payments for the year ahead.

7. Closing Transition to Retirement account

A Transition to Retirement Pension account cannot be transferred to an Accumulation account until the financial year it was opened in has ended.

8. Proof of identification requirements

Australian Government legislation requires you to provide us with proof of identification before we can open your new pension account.

To prove your identity, you can provide us with sufficient information to verify your identity electronically or send us an original certified copy of your current driver licence or passport.

Your card number is a unique identifier which is updated each time a driver licence is re-issued. Including the card number when verifying your identity ensures that the document being presented is the most recently issued document and this will minimise the risk of identity theft using a stolen or lost driver licence.

The position of the card number is different for each State and Territory although it is commonly located on the back of your licence. Read the *Proof of identity requirements* information at brightersuper.com.au for more information.

9. Preservation age table
